psychology

the world library of mental health celebrates the important contributions to mental health made by leading experts in their individual fields each author has compiled a career long collection of what they consider to be their finest pieces extracts from books journals articles major theoretical and practical contributions and salient research findings miller mair clinical psychologist and psychotherapist devoted his life to developing a psychology that provided a radical alternative to the behavioural and latterly cognitive behavioural approaches that have dominated the field he presented this work in a wide range of publications and conference papers and prior to his untimely death in 2011 he had selected a number of these for a volume of his collected works this book is based upon miller's selection and includes several previously unpublished papers as well as others that are now out of print miller was considerably influenced by george kelly's personal construct psychology as is apparent in most of his writings however his papers on psychology and psychotherapy also draw upon an extraordinarily wide range of other fields of knowledge including imagery metaphor storytelling and narrative rhetoric discourse and conversation poetry and spirituality these concerns are reflected in the contributions selected for this volume which also demonstrate the variation in his style of writing from the more conventionally academic to the personal and poetic as he developed a poetics of experience and a stance of conversational inquiry miller's final publication was entitled *enchancing psychology* and it is hoped that this volume will provide an

antidote to the disenchantment that many readers may feel with mechanistic and reductionist approaches in psychology and its clinical applications and more generally in health service rhetoric and policies as these writings vividly demonstrate a clinical psychologist and psychotherapist can and should also be a poet artist and storyteller the volume will be of value to readers previously unfamiliar with miller's ideas but also to those who know his work who will find here the first published selection of his papers
